SOUTH CAROLINA'S SENATOR VENTS MORE RANT AND SPEEN.

Chauncey M. Depew Praises Cleveland for His Sound-Money Policy—Election of Delegates.

Special to the Indianapolis Journal.

GREENCASTLE, Ind., April 18.—Putnam county Republicans to-day held the most enthusiastic convention ever known here. In many respects the meeting took on the character of a district convention, as candidates for Governor, Congress and the United States Senate were present. Hanne-man's Opera House was crowded at 10 o'clock. Col. R. W. Thompson, W. R. McKen and others arrived at 1:30, and Col. Thompson's presence was the signal for cheering for several minutes. He made a brief, but patriotic, and at times thrilling speech. All the DePauw male students were out and cheered until the convention hall rang.

Colonel Thompson said that he attended the convention upon the condition that his health would permit with safety, and that he was gratified to witness such enthusiasm in behalf of the Republican principles which he so dearly cherished. He said he always felt interested in Putnam, for he remembered the time when he represented in Congress the fathers and grandfathers of many in the convention, and knew that they gave him their support willingly and gratefully after he had given a vote for the great protection tariff of 1862. Mr. Thompson said at that time he was discussing precisely the same question that is now at issue between the parties. He spoke for protection to manufacturing interests, as in it were all the glories of life. Mr. Thompson said he had no prepared speech. He spoke directly to the young men, and asked them to study and reflect that their forefathers, in the adoption of the tariff, were not the United States, sought to establish protection forever against any possible contingency that would arise from the tariff.

"The first law they passed," said he, "had in it the declaration that it was destined to protect American manufacturers, and not one voice was raised against it."

He spoke of how, under the administration of Washington, that policy grew and prospered. He said our manufacturers needed more protection to-day than ever, and especially against the Democratic party. He said that, beginning with Washington, down through Adams, Jackson and Monroe and Jackson, there was no one who dared risk his reputation upon the declaration in the Congress of the United States that a protective tariff law was a fraud. In closing Mr. Thompson traced the tariff back from the beginning to the present, and showed, with all the brightness of his eighty-seven years that the Republican standpoint was the only true one.

Colonel Thompson's remarks were frequently interrupted by loud applause. A feature of the evening was the interplay of McKimley Club and the DePauw students took in his speech. Green-castle secured one of the few speakers who were invited to this year, and the Republicans of Putnam county are proud that he should grace the highest convention held in the county.

Hon. W. R. McKen was present also, he being a great friend of the student body, who to a man, turned out to support him for Senator. Mr. McKen and Mr. Thompson held a reception at the Belmont Hotel before the time that the speaker was to appear. Hon. John L. Griffith's speech was in his usual happy vein, and he made many friends here, where he has often spoken before.

Chairman Cass opened the meeting. Hon. S. A. Hays was made master of the H. Smith secretary, with H. C. Lewis and D. L. Anderson assistants. Resolutions were adopted denouncing the Democratic management of the affairs of Putnam county as incompetent and extravagant for the reason that the burden of taxation was greatly increased during a period of serious business depression, although during that time no permanent public improvement had been made and the salaries of county officials have been reduced more than ten per cent. The following ticket was elected: Dr. A. H. Moore, Representative; James Matthews, treasurer; Daniel H. Hays, sheriff; Ford Schriener, assessor; Frank Williams, surveyor; Dr. W. F. Summers, coroner; J. C. Reat and Lycurgus Stoner, commissioners.

DeArmond; Walter, secretary, Horace Murphy; treasurer, Ed Bridges; Arkansas Alderfer and Cal Ensmick, members of the executive committee.

Want McKimley Delegates.

Special to the Indianapolis Journal.

ROCHESTER, Ind., April 18.—The Republican convention of Marshall and Fulton counties met here to-day and nominated Hon. Miller W. Simon of Plymouth, for State Senator; Hon. Martin L. Essick, of Rochester, for judge; John A. Shunk, of Marshall county, for assessor. The result was adoption of the McKimley ticket, but this was abandoned several days ago. Both parties have nominated straight tickets.

Tillman in Missouri.

Special to the Indianapolis Journal.

DEPLIHT, Ind., April 18.—The Republican city convention was held at the courthouse last night and the following nominated for the City Council: James W. Griffiths, Jeremiah Haugh, William J. Alkire and James A. Shirk. There has been no talk of a human citizens' ticket, but this was abandoned several days ago. Both parties have nominated straight tickets.

Two Thousand People Listen to the South Carolina Blatherskite.

WARRENBURG, Mo., April 18.—Senator Tillman was confronted by an audience of fully 2,000 people when he arose to speak at Pettie Springs Auditorium to-day. The rain falling in torrents and his voice was pitched above his normal key, that his audience might hear his scathing arraignment of "The Cleveland Democracy" and the advocates of "sound money." His address dealt exclusively with the money question and he declared that his party had digressed from the beaten paths of Jeffersonianism and ignored Democrats to not follow the party because of its name, if it did not teach the doctrine of the fathers and drive plutocracy from its ranks. The Senator declared that there was no difference between Cleveland Democracy and Sherman Republicanism, and that the common people would have to assert their God-given independence as men if they escaped being enslaved by money, a servile government and a human chattel. He talked about two hours and used his pitchfork freely in lampooning the administration and the opponents of free silver. Notwithstanding the Senator ridiculed the Populist party, designating it as a "Bull Moose" party, and wanted to reform the world and was composed of Anarchists and dis-oriented renegades from all parties, it was

remarked by many that he made as good a Populist speech as was ever heard in this country. He implored Democrats to be true to the principle of free coinage and declared that it would win. The Senator advocated holding the Chicago convention if free coinage was not adopted.

TRIBUTE TO CLEVELAND.

Mr. Depew Praises the President for His Financial Policy.

NEW YORK, April 18.—The Montauk Club, of Brooklyn, to-night gave a dinner in honor of Chauncey M. Depew's birthday. Around the board were gathered many of the most distinguished citizens of Brooklyn. Mr. Depew, who was the guest of honor, was called on for a speech at the close of the feast. The unique feature of his address was his reference to Grover Cleveland. Speaking of the President he said: "While I differ widely from President Cleveland on almost every part of his public policy, while I think that his theories, so far as they have been practically tried out, have been disastrous, and if wholly carried out would have been fatal to our industries, nevertheless, in the frankness and the honesty of this platform, it is due to him to say that the root of the free-coinage-silver policy and the energizing of the national credit, by the triumph of sound money, are more largely due to his throwing up that side, with magnificent courage and ability, while the strength and the power of his great office, and of his administration, than could be claimed by any other man. While we have had a period of distress which has brought so much suffering to millions of homes, and while the war, yet the suffering has not been vain, and the cost has not been lost, if it shall have gained for education by the experiences of our people the depth of the absurdities of Populism and the triumph of the sound money principle, it is due to him to keep this the great trading, business and commercial nation of the world."

A DISPUTED NOMINATION.

Injunction Proceedings Instituted by Congressmen Hicks.

WASHINGTON, April 18.—Assistant Secretary John M. Reynolds, of the Interior Department, has gone to Bedford, Pa., in order to argue before the Bedford Supreme Court injunction proceedings instituted by J. D. Hicks, Republican member of Congress from the Twentieth Pennsylvania district, to prevent the officers of the nominating convention from issuing a call for the election of delegates to the Republican convention of Bedford county, Pennsylvania, was declared the choice of the convention to succeed J. D. Hicks, the present incumbent. The American Secretary will represent Mr. Throp in the proceedings.

Populists Will Not Support Bland.

ST. LOUIS, April 18.—Chairman A. Roselle, of the People's party State committee, in an interview to-day declared that the Populists of Missouri would not support ex-Congressman Bland if the latter should be nominated for the presidency on a silver platform. He did not think that the adoption, in advance of action taken by the Populist convention, of a silver platform by the Democrats at Sedalia the other day, would affect the Populist vote in this State. Continuing he said: "The 45,000 Populists of Missouri are going to stand firm, no matter what the Democracy does at Chicago. We will not support Bland, and we will not support the Democrats, and we are going to support the Populist ticket."

A San Francisco Spellbinder.

SAN FRANCISCO, April 18.—A year ago the national Republican committee made Gen. W. H. Barnes, of this city, an offer to take the stump throughout the East in the interest of the policy and candidates of the Republican party. General Barnes has declined to accept the offer. After the national convention at St. Louis the General will speak at Chicago, Philadelphia, Cincinnati, St. Louis, New York and all the large Eastern cities. The fact that General Barnes as an orator gained fresh fame when the opportunity was given to him to speak at the spoken words with the gifted speech of the redoubtable Chauncey M. Depew is so recently in evidence as to need no comment.

An A. P. A. Misstatement.

COLUMBUS, Ohio, April 18.—Mr. Lanning declares to say that the chairman of the national advisory board of the A. P. A. made a misstatement in Boston in saying that Governor McKimley had turned Lanning down as a candidate for oil inspector because he was a Democrat. Mr. Lanning says: "I was a candidate because certain political complications, and recognition of the fact that the A. P. A. was a L. W. Buekmaster was right. The complications have worked out to my satisfaction. That statement sent from Boston was made without consultation with me."

Boom for Pattison.

PITTSBURGH, Pa., April 18.—The Democratic primaries for election of delegates to the State convention were held here this evening. The fight which decided the whole delegation was in the Fifth legislative district, between the Harrity and anti-Harrity men. It was a warm contest and resulted in the election of Harrity. The Harrity primaries is a big boom for ex-Governor Pattison for President. The entire delegation, thirty-one in number, selected by the Harrity will go to the State convention instructed for him.

Instructed for Russell.

BROCKTON, Mass., April 18.—The Twelfth congressional district Democratic convention was held here to-day. Hon. William L. Douglass, of this city, and Joseph L. Sweet were elected delegates to the Chicago convention, and Elbridge Cushman and Frank R. Greenwood, of Taunton, were elected alternates. The convention instructed the delegates to present to the Massachusetts delegation the name of ex-Governor Russell. No instructions were given for him as long as he had a chance of securing the nomination.

Instructed for Quay.

LEBANON, Pa., April 18.—The Fourteenth congressional district Republican conference met here this afternoon and elected L. E. Weiner, of Lebanon, and W. M. Smith, of Perry county, delegates to the St. Louis convention. Alternates—R. Houck, of Lebanon, and J. E. Miller, of Lebanon, were chosen presidential electors. The delegates were instructed for Quay, with McKimley as second choice.

Two New York Delegates.

MIDDLETOWN, N. Y., April 18.—At the congressional convention to-day Congressmen B. O. Odell, of Newburg, and Thomas W. Bradley, of Walden, were elected delegates to St. Louis. Congressmen Candine, of Newburg, and Odell, of the governorship, were unanimously elected. No instructions were given as to presidential preferences.

Brownlow Nominated.

KNOXVILLE, Tenn., April 18.—Dispatches from all precincts of the First congressional district indicate the nomination of Hon. Walter P. Brownlow (Rep.) for Congress. There were three candidates for nomination, and the contest is not probable.

TELEGRAPHIC BRIEVITIES.

Field Marshal Yamagata, of Japan, sailed from New York for Europe on the steamship Columbia yesterday.

James Sturgis, one of the founders of Cheyenne, Wyo., and representative in New York of the Pacific coast in the New York City civil-service supervisory board. He was elected to the board.

Dependent because of the accidental destruction of \$100, Justice of the Peace Henry E. Bancroft, of Gloucester, N. J., was yesterday sentenced to imprisonment for two years and five months on two convictions of embezzlement, the offenses consisting in accepting deposits when he knew his bank was insolvent. There are other thirty similar charges against Smith, who is about seventy years old.

A War Governor Dying.

PARKERSBURG, W. Va., April 18.—Ex-Governor Arthur L. Boreman, West Virginia's war Governor, is dying at his home in this city. About ten days ago he was taken suddenly ill. He was born in Wayne county, Va., and was admitted to the bar in 1862, and was a member of the famous Wheeling convention. In 1862 he was elected first Governor of West Virginia.

California Still the Golden State.

SAN FRANCISCO, April 18.—The Mining and Scientific Press, the standard authority on the Pacific coast in mining matters, prints in its issue of to-day statistics by counties of the bullion product of California for 1895. The total gold product was \$12,347,500, and the total silver product \$300,000. The increase of the gold product over 1894 is \$1,400,000. These statistics were prepared for the director of the United States Mint at Washington, D. C.

DEMOCRACY'S LEGACY

The House also passed a bill to provide for the House during this session \$50,027,605.

In the deficiency bill reported to-day there is clause which shall be able to transfer to the Treasury to transfer to the city of Atlanta the buildings erected for the government exhibit at the Centennial Exposition. It is an item of \$10,000 to be paid the Italian government for indemnity to the heirs of three of its subjects who were killed and two others injured by mob violence in Colorado. In making the appropriation for Indian deprecations the bill provides that none of the judgments shall be paid until the Attorney-general has certified to the Secretary of the Treasury that he has caused to be examined evidence heretofore presented to the Court of Claims and such other evidence as shall be able to prove that the United States is liable for the same, and finds no grounds to support a new trial.

BIG-HEARTED AND GENEROUS.

tributes to the Late Gen. Cogswell, a Popular Member of Congress.

WASHINGTON, April 18.—The House to-day paid tribute to the memory of the late Representative Cogswell, of Massachusetts. General Cogswell was one of the most popular members of the House. He was generous, big-hearted and lovable, and all who came in contact with him were charmed with his personality. The tributes to his memory to-day reflected the high esteem in which he was held and departed from the stock eulogies customarily delivered on such occasions. His career was that of a statesman and character were eloquently and warmly portrayed. Messrs. Catchings, Grosvenor, Henderson and Dockery were among those who laid their tributes on his bier. There was a further mark of respect, the House adjourned.

Before the eulogies began Mr. Cannon reported the general deficiency bill. The bill was passed as follows: To establish a training station for naval apprentices on Coast Island, near San Francisco; to settle the claims of the legal representatives of S. W. Marsden, late Indian agent at Fort Union, N. M.

Mr. Talbot, who had previously blocked private bills, objected to a pension bill presented by Mr. Cannon. Mr. Cannon made a personal appeal to the gentleman from South Carolina. He said it was the first time in twenty years that he had asked for personal consent. He reviewed the pathetic history of the soldier, who was a constituent of his State, and who was killed by the redoubtable and withdrew his objection. Several bills to donate condemned cannon to G. A. R. posts were also passed.

MAILS BY AMERICAN STEAMERS.

Answer to British Protests Made by One Postoffice Department.

WASHINGTON, April 18.—The recent action of the Postoffice Department in distinguishing between letter and newspaper mails in the transatlantic service by forwarding the latter only by the once-a-week service of the American line, unless otherwise designated, has created much discussion abroad, and the matter has been complicated by the fact that the United States has an innovation in the United States service, and was actuated by the contract relations between the American line and the department. The delay in forwarding publications, which, however, can be avoided by especially marking "prints," are still bringing out objections which have been filed at the department. The following official statement was made at the department to-day:

"Each government, as hinted by the Secretary of the English Treasury Department, has the right to make regulations for the members of Parliament as to the American plan of sending newspapers to England, and the right, and does this in the name of its own vessels to the extent of sending the entire mail, excepting especially addressed letters, by the fastest steamers. In no case has this move been deviated from except the mail from the United States, which is sent by the regular line before any special contract with any body, patronized everybody until she commenced getting vessels of her own and contracting with her own people, when she naturally adopted the course pursued by other governments, and so long as she has as much mail as is consistent by her own lines. This, of course, affects the revenues of the English lines who have formerly had a large share of this business, and these questions simply mean that the English steamers will all be paid for by money. As near as can be found out the department is trying to adjust the matter with as little trouble to mail matter as possible, and can be criticized only for pursuing the course that the other governments have pursued for years. The department intends to give foreign mail the best possible attention and dispatch, and is working out the necessary plan. The English government has been more marked in its handling of its own mails by its own ships than any other."

ON AN INSPECTION TOUR.

Indiana Prison Wardens Visiting Eastern Jails and Penitentiaries.

Special to the Indianapolis Journal.

WASHINGTON, April 18.—Mr. Ernest Bicknell, of Indianapolis, secretary of the State Board of Charities, accompanied by Warden Charley Harley, of the Prison North, at Michigan City, and Warden A. T. Hert, of the Prison South, at Jeffersonville, are here on a tour of inspection of prisons and penitentiaries. There is a conviction that in the construction, the management and discipline of the Indiana penal institutions there is room for improvement. In keeping with modern progress, and these gentlemen are carefully studying the methods employed in other States. They have inspected the prisons at Columbus, O., Allegheny, Pa., and Baltimore, Md., and spent to-day visiting the Washington jail, where they were hospitably received by Warden Leonard, formerly of Indianapolis.

They will remain here a few days, after which they will visit Philadelphia, then New York, and return to the State Board of Charities, N. Y. They expect to be home during the first week in May. Mrs. Hert, the wife of Warden Hert, accompanies the party.

Proposed Reform in New Mexico.

WASHINGTON, April 18.—In the House to-day Delegate Cator, of New Mexico, from the Territories committee, reported a bill providing that on convening of the Territorial Legislature of New Mexico any one member of either house may administer the oath of office to the presiding officer-elect, and he shall administer the same to the other members and officers. "The object of the bill," says an accompanying report, "is to modify the existing law so that the Secretary of the Territory, an appointee of the President, shall not have arbitrary power to organize the Legislature by ignoring the legal certificates of election, as was done in the organization of the last Legislature, at which time certificates of election given to members by the county boards of canvassers, as required by law, were ignored, and persons were sworn in on trumped-up certificates or pretenses in no manner provided by law, so that the political complexion of the Legislature was changed in both houses."

Decrease in the Wool Clip.

WASHINGTON, April 18.—Daniel Maratta, United States consul-general at Melbourne, in a report to the State Department, says that it has been understood for several months past that the present clip of Australian wool would show a substantial decrease compared with the previous one, of the drought and to the fact that the strike last year, involving a thirteen-months' clip, left only an eleven-months' clip in many of the sheep. In New South Wales alone the sheep have decreased 9,500,000 in one year, a loss beyond all precedent. A good deal of incredulity still exists among European and American consumers as to the likelihood of a decrease in the wool products involving higher prices, but the buyers who have visited Australia regard it as an absolute certainty. Mr. Maratta gives exhaustive estimates to show that the decrease in the present Australian clip may amount to 150,000 or 180,000 bales.

Another Defeat for Mr. Blue.

WASHINGTON, April 18.—The Senate committee on military affairs to-day acted favorably on the list of managers for the soldiers' homes as agreed to by the House.

General Notes.

Secretary Carlisle has returned to the city from Chicago, where he recently delivered an address on the money question. The Treasury Department to-day lost \$180,700 in gold coin and \$510 in bars, which leaves the true amount of the gold reserve \$44,545,000.

Murder at Chicago.

CHICAGO, April 18.—John F. Smith was murdered this afternoon at his place of business, No. 51 Market street, by five men, who made their escape. His firm, Pattee, Smith & Co., painters and decorators, had trouble with their painters last winter, and a strike resulted. The feeling was very bitter, and the assault was made on the evening of the afternoon five men went into the establishment and after a few moments' talk invited Smith to step to the street. As he reached the door he was struck with a piece of lead pipe and fell. The men then rolled down the street John Ryan, a steam fitter, was arrested in connection with the murder.

Instructed to Enter Closed Ports.

SAN FRANCISCO, April 18.—It is more than likely that the ship or two will be fired across the bow of the Pacific Mail steamer City of Paris before she again returns to the United States. The vessel sailed for the Central American ports on Monday. Captain Russell was instructed to make an effort to enter the ports held by the Nicaraguan revolutionaries, and to proceed to the nearest port of refuge. The vessel has been in progress for several months, the Pacific Mail steamer, and several other steamers, have been denied entry at San Juan del Sur, Corinto, and several other important harbors.

No Race for the American's Cup.

NEW YORK, April 18.—Among those who came over on the Campania to-day was Mr. Maitland Kersey, Lord Dunsfry's American representative. He was asked if he had heard no talk on the other side about the race for the America's cup. He saw Mr. Rose, for he did not talk about the matter. He saw Mr. Kersey said that the likelihood of a challenge being issued from England this year is small.

Adirondack Streams Swollen.

SARATOGA, N. Y., April 18.—The hot wave reducing the Adirondack snow depth to a few inches, the rivers and streams are unusually high and still rising. Schroeck lake is full, and the water is running fast. During the last twenty-seven years, at Glens Falls, Chester town, Fort Edwards, South Harton, and Tupper Lake, the water has burst its banks and threatens great destruction.

A Home Remedy For Indigestion, Constipation and Kidney Troubles.

"How do you account for your wonderful success and sale of Hays' Liver Pills?" inquired a News man of Mr. Hays, the Denison House druggist. "Very easily," said he. "You must remember that I originally made these pills for my mother, who had long been a sufferer from indigestion and constipation, and having no health at heart. I very naturally used the best and most approved medicine in their combination, remedied the troubles of the world, and in intelligent manner, as I have been filling prescriptions the past fifteen years, written by the great specialists of the world, and the remedies sold for such troubles are not in pace with the times, and are sold as Indian quackery or as some routine or ultra that was considered good twenty-five or fifty years ago. I have taken advantage of this, and have made a new pill that again restores the secretions to the stomach, intestine, liver and kidneys, in fact, everything about perfect digestion."

"When persons have perfect digestion, they need not suffer from constipation or the bloated feeling after food. Where food does not digest perfectly, it irritates the gastric nerves, and through reflex action, causes headache, nervousness and restlessness. For this very reason it is hard to estimate the benefits of the Hays' Liver Pills, for they are perfect digestion. As you see by the telegrams in my show-case, persons not only order by mail, but even by express. The merit of a new and wonderful medicine that is very hard to come by, but I have been very prepared, regardless of cost, to consider the secret of the success and rapid sale of Hays' Liver Pills with the Hays' Liver Pills."

FACE RAW AND BLEEDING.

My little boy was afflicted with Eczema in acute form for a year, during which we tried without success every known remedy. The doctor ordered the use of various ointments, but they did not do him any good. His face was raw and bleeding, and he was in great pain. I bought a box of CUTICURA, and after using it for a few days, the appearance of the affected parts showed marked improvement. I continued to use it, and in a few days the skin was smooth and clear. I am now well, and my child has no more trouble. I can only say that CUTICURA is a wonderful remedy for Eczema, and for all skin diseases. It is sold everywhere, and is the only remedy that will cure Eczema. I have written to the publisher, J. C. Rogers, of New York, to send me a copy of the book, "How to Cure Eczema," which is a full and complete treatise on the subject. It is sold for 25 cents, and is a most valuable work. I have written to the publisher, J. C. Rogers, of New York, to send me a copy of the book, "How to Cure Eczema," which is a full and complete treatise on the subject.
